Course Ancient Egyptian Healing

By Irene van den Oever Founder of the Mysterie School in the Netherlands.

My name is Irene van den Oever. I'm the founder of the Sirius Mysterie school in the Netherlands. In this story I want to share with you my experiences with the Ancient Egyptian Healing course I followed in October 2022 in the House of Life in Abydos. How did I end up in Egypt? Well during a meditation in the Netherlands I received a message. It was a calling from my soul to go to Abydos. My main purpose was to heal myself on a very deep level. The course to me was a journey. A journey for understanding healing past life experiences, adventured into deep transformation processes, being guided and supported by Horus and Aset of Abydos. They offered a safe environment which enabled me to dive deep. And the result of the course is that I feel renewed, reborn, both personal and spiritually and that my life as a healer and a teacher in the Sirius Mysterie school is much more aligned on a much deeper level with my soul mission. The Course Ancient Egyptian Healing can help you to become a powerful healer through a purification of your soul because Healing the Past can change your Future.
